

Wind Energy Information Guide 2003

Wind power is currently the fastest growing energy technology. An increasing number of people from electric utilities, news media, research institutions, political and regulatory bodies, and local communities are searching for up-to-date, accurate information on this clean, renewable energy source. This listing, compiled by the American Wind Energy Association, provides a range of general and technical information about wind energy.

General Information

American Wind Energy Association (AWEA)

122 C Street, NW, Suite 380

Washington, D.C. 20001

Phone: (202) 383-2500

Fax: (202) 383-2505

E-mail: windmail@awea.org

Web site: <http://www.awea.org>

U.S. Department of Energy National Renewable Energy Laboratory (NREL) and National Wind Technology Center (NWTC)

1617 Cole Boulevard

Golden, CO 80401-3393

Phones: (303) 275-3000

(303) 384-6922

Fax: (303) 384-7097

Contact: Robert Thresher

E-mail: robert_thresher@nrel.gov

Web site: <http://www.nrel.gov/wind>

U.S. Department of Energy

Wind Powering America Initiative

Phone: (303) 384-6910

Contact: Lawrence Flowers (NREL)

E-mail: lawrence_flowers@nrel.gov
